## INDEPENDENT AUDITOR'S REPORT

To The Members of M/s Indian Base Metals Company Limited

Report on the Audit of Standalone Financial Statements

### Opinion

We have audited the accompanying standalone financial statements of **Indian Base Metals Company Limited ('the Company')** which comprises the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss, the statement of changes in equity and statement of cash flows for the year ended on that date and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that no key audit matters to be communicated in our report.

### Emphasis of Matter

We draw attention to Note No: 31 of the accompanying financial statements, wherein it has been mentioned that a Cheque of Rs. 12.30 Lakh is in hand and has been accounted for, as at the year ended 31st March 2025, although the Cheque is yet to be encashed as on the date of audit. As stated in the said note, the management considers the cheque to be valid and collectible in due course.

Our opinion is not modified in respect of this matter.

### **Information Other than the Standalone Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexure to Board's Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

**That Board of Directors are also responsible for overseeing the company's financial reporting process.**

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and

are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

### **Report on Other Legal and Regulatory Requirements**

- f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

We have audited the Internal Financial Controls over Financial Reporting of **Indian Base Metals Company Limited** (“the Company”) as of March 31, 2025 in conjunction with our Audit of the Standalone Financial Statements of the Company for the year ended on that date.

**MANAGEMENT’S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS**

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

The procedures selected depend on the Auditor’s judgment, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error. We believe that the Audit evidences we have obtained is sufficient and appropriate to provide a basis for our Audit opinion on the Company’s Internal Financial Controls System over Financial Reporting.

**MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING**

A Company's Internal Financial Control over Financial Reporting is a process designed to provide reasonable assurance regarding the reliability of Financial Reporting and the preparation of Financial Statements for external purposes in accordance with Generally Accepted Accounting Principles. **INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**OPINION**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Significant Accounting Policies**

**2.1 Statement of Compliance**

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013.

The financial statements have also been prepared in accordance with the relevant presentation requirements of the Companies Act, 2013. Further, the Company has complied with all the directions related to Implementation of Indian Accounting Standards prescribed for Non-Banking Financial Companies (NBFCs) in accordance with the RBI notification no. RBI/2019-20/170 DOR NBFC).CC.PD.No.109/22.10.106/2019-20 dated 13 March 2020.

**2.2 Basis of preparation and presentation**

These Standalone financial statements of the Company are prepared under the historical cost except for certain financial instruments that are measured at fair value at end of each reporting period. Historical cost is generally based on fair value of the consideration given in exchange for goods and services.

## **2.3 Property, Plant and Equipment**

Fixed assets are carried at cost less accumulated depreciation and impairment losses, if any. The cost of fixed assets includes interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use and other incidental expenses incurred up to that date. Machinery spares which can be used only in connection with an item of fixed asset and whose use is expected to be irregular are capitalized and depreciated over the useful life of the principal item of the relevant assets. Subsequent expenditure relating to fixed assets is capitalized only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance. The Company has elected to continue with the carrying value of all of its property, plant and equipment recognized as of April 1, 2019 measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

Useful life of PPE- As described in the significant accounting policies, the Company reviews the estimated useful lives of property, plant and equipment at the end of each reporting period

## **2.4 Impairment**

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets (Other than goodwill) to determine whether there is any indication that those assets have suffered any impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset or cash generating unit is estimated to be less than the carrying amount, the carrying amount of the asset or cash generating unit is reduced to its recoverable amount. An impairment loss is recognised immediately in profit and loss.

When an impairment loss subsequently reverses, the carrying value of the asset or cash generating unit is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset or cash generating unit in prior years. Any reversal of an impairment loss is recognised immediately in profit and loss.

## **2.5 Inventories**

Inventories are stated at lower of cost and net realisable value.

## **2.6 Investment in Subsidiaries, Associates and Joint Ventures**

## 3. Financial instruments, Financial assets, Financial liabilities and Equity Instruments

### 3.01 Classification, initial recognition and measurement

**Recognition:** FA or FL are recognized only when the entity becomes party to contractual provisions of the instrument.

**Financial assets and financial liabilities are initially measured at fair value.** Transactions costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transactions costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in profit and loss. Financial assets are subsequently classified as those measured at:

(a) amortised cost, where the financial assets are held solely for collection of cash flows arising from payments of principal and/ or interest.

(b) fair value through other comprehensive income (FVTOCI), where the financial assets are held not only for collection of cash flows arising from payments of principal and interest but also from the sale of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in other comprehensive income.

(c) fair value through profit or loss (FVTPL), where the assets are managed in accordance with an approved investment strategy that triggers purchase and sale decisions based on the fair value of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in the Statement of Profit and Loss in the period in which they arise.

Trade Receivables, Advances, Security Deposits, Cash and Cash equivalents etc. are classified for measurement at amortised cost while investments may fall under any of the aforesaid classes. However, in respect of particular investments in equity instruments that would otherwise be measured at fair value through profit or loss, an irrevocable election at initial recognition may be made to present subsequent changes in fair value through other comprehensive income.

Reclassification: When and only when the business model is changed, the Company shall reclassify all affected financial assets prospectively from the reclassification date as subsequently measured at amortised cost, fair value through other comprehensive income, fair value through profit or loss without restating the previously recognised gains, losses or interest and in terms of the reclassification principles laid down in the Ind AS relating to Financial Instruments.

De-recognition: Financial assets are derecognised when the right to receive cash flows from the assets has expired, or has been transferred, and the Company has transferred substantially all of the risks and rewards of ownership. Concurrently, if the asset is one that is measured at:

(a) amortised cost, the gain or loss is recognised in the Statement of Profit and Loss;

(b) fair value through other comprehensive income, the cumulative fair value adjustments previously taken to reserves are reclassified to the Statement of Profit and Loss unless the asset represents an equity investment in which case the cumulative fair value adjustments previously taken to reserves is reclassified within equity.

### **3.02 Equity Instruments:**

Equity instruments are recognised at the value of the proceeds, net of direct costs of the capital issue.

### **3.04 Provisions, Contingent Liabilities and Contingent Assets:**

Provisions are recognised when, as a result of a past event, the Company has a legal or constructive obligation; it is probable that an outflow of resources will be required to settle the obligation; and the amount can be reliably estimated. The amount so recognised is a best estimate of the consideration required to settle the obligation at the reporting date, taking into account the risks and uncertainties surrounding the obligation.

In an event when the time value of money is material, the provision is carried at the present value of the cash flows estimated to settle the obligation.

Contingent Liabilities and Assets : Contingent Liability is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the company, or is a present obligation that arises from past events but is not recognised because either it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation or a reliable estimate of the amount of obligation cannot be made. Contingent Liabilities are disclosed and not recognized. Contingent assets are neither recognized nor disclosed.

### **3.05 Impairment of Financial Assets:**

The Company assesses impairment based on expected credit losses (ECL) model on trade receivables.

The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable. At every reporting date, the historically observed default rates are updated.

### **3.06 Fair value measurements and valuation processes:**

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. Fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability. The Company engages third party valuers, where required, to perform the valuation.

Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in the notes to the financial statements.

### 3.07 Recent accounting pronouncements

Ministry of Corporate Affairs has notified Companies (Indian Accounting Standards) Amendment Rules, 2023 dated 31 March 2023 to amend the following Ind AS which are effective from period starting 1<sup>st</sup> April, 2023:

#### Ind AS 107 - Financial instruments : Disclosures

This amendment adds to the amendments in Ind AS 1 and specifies that material accounting policy information needs to be disclosed. It also specifies that information about the measurement basis (or bases) used for financial instruments is expected to be material information. Prior to the amendment, Ind AS 107 required an entity to disclose significant accounting policies, comprising the measurement basis (or bases) and other accounting policies used that are relevant to an understanding of the financial statements.

#### Ind AS 1 - Presentation of financial statements

This amendment aims to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant accounting policies' with a requirement to disclose their 'material accounting policy information' and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures. Consequential amendments have been made in Ind AS 107.

#### Ind AS 8 - Accounting policies, changes in accounting estimates and errors

This amendment provides a clear definition of accounting estimates and clarifies the distinction between changes in accounting estimates and changes in accounting policies/correction of errors. It also, explains the difference between estimation techniques and valuation techniques by way of examples to provide clarity.

#### Ind AS 34 - Interim financial reporting

This amendment substitutes the words 'significant accounting policies' with the words 'material accounting policy information' consequential to the amendments to Ind AS 1 as stated above.

#### **Note No. 22 – Interest income and expenses recognition using EIR on financial assets and liabilities at amortised cost**

Under Previous GAAP, all financial assets and financial liabilities were carried at cost. Under Ind AS, certain financial assets and financial liabilities are subsequently measured at amortised cost which involves the application of effective interest method. In applying the effective interest method, an entity identifies fees that are an integral part of the effective interest rate of a financial instrument. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial asset or financial liability to the gross carrying amount of the financial asset or financial liability.

#### **Expected credit loss**

Under Previous GAAP, provision for doubtful debts was recognised based on the estimates of the outcome and of the financial effect of contingencies determined by the management of the company. This judgement was based on consideration of information available up to the date on which the financial statements were approved.

Under Ind AS, a loss allowance for expected credit losses is recognised on financial assets carried at amortized cost. Expected loss on individually significant receivables is assessed when they are past due and based on company's historical counterparty default rates.

#### **Fair valuation of Investment**

Under Previous GAAP, the Company accounted for long term investments in unquoted and quoted equity shares as investment measured at cost less provision for other than temporary diminution in the value of investments. Under Ind AS, the Group has designated such investments as FVTOCL investments. Ind AS requires FVTOCL investments to be measured at fair value.

**Note No. 23 – CAPITAL MANAGEMENT**

The primary objectives of the Company's capital management policy are to ensure that the Company complies with externally imposed capital requirements and maintains a strong capital base by maximizing shareholders' wealth, safeguarding business continuity and augmenting its internal generations with a judicious use of borrowing facilities to fund spikes in working capital that arise from time to time as well as requirements to finance business growth.

#### Note No. 25 – Fair value hierarchy

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into Level 1 to Level 3, as described below:

Quoted prices in an active market (Level 1): Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Valuation techniques with observable inputs (Level 2): The fair value of financial instruments that are not traded in an active market (for example over-the counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Valuation techniques with significant unobservable inputs (Level 3): If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and investment in Alternate Investment Funds included in level 3.

Fair value of Cash and Cash Equivalents, other Bank balances, trade Receivables, Loans and other Current Financials assets, short term borrowing from body corporates, Trade Payables and Other current financial liabilities considered to be equal to the carrying amount of these items due to their short term nature.
